## Electorate-based Grants - delivering for Indi

**Expressions of interest for electorate-based grants in Indi have doubled over the past twelve months.**

It has been a great privilege to see so many wonderful projects that highlight the dedication to community wellbeing, of volunteer-based and not-for-profit groups across Indi. It is evident from the tremendous response to the electorate-based grants program, that our community groups are active and vital in Indi.

The Indi Powering Communities Program has recently closed. There were 48 projects, all worthy of funding, proving that Indi is well and truly ready to embrace renewable energy and other energy saving initiatives. My committee and I have nominated 8 projects, limited by the available funding of \$67,700.

Earlier this year my grants consultative committee and I had the delightful, but challenging task of assessing 125 expressions of interest and recommending projects to the total value of \$134,500 for small **Volunteer grants** of \$1,000 - \$5000 under the Families and Communities

Program. The successful applicants will be announced in the near future.

Fourteen **Stronger Communities Programme** projects, valued at \$3,000 - \$20,000, were also recommended for total funding of \$150,000. from more than 100 expressions of interest. The successful applicants are:

1. **Alpine U3A:** \$3,250 for audio visual equipment for Zoom sessions
2. **Into our Hands Community Foundation:** \$10,000 to upgrade office ICT and make alterations to office space, including signage, shelving and furniture
3. **Mount Beauty Neighbourhood Centre:** \$13,636 for building renovations to provide three separate sound proofed areas
